

RAJESWARI RAMANABOINA

Cybersecurity Student · B.Tech (Cybersecurity), ANU Guntur · Expected 2027

rajeswariramanaboina@gmail.com | [linkedin.com/in/rajeswari-ramanaboina-891851300](https://www.linkedin.com/in/rajeswari-ramanaboina-891851300) | github.com/rajeswariramanaboina91 | rajir.in | Guntur, AP, India

SUMMARY

Detail-oriented Cybersecurity student with hands-on experience in Python security tooling, log analysis, network security, and threat analysis mapped to the MITRE ATT&CK framework. Holds IBM SkillsBuild (Credly-verified), Microsoft, and Infosys certifications. Active on TryHackMe and PicoCTF platforms. Seeking internship roles in SOC operations, security analysis, or penetration testing.

EXPERIENCE

Python Programming Intern

Sep – Dec 2025

CodeAlpha — MSME Certified Virtual Internship · Remote

- Built Password Strength Analyzer – entropy-based CLI tool scoring password security 1–10 with actionable feedback.
- Developed Keylogger Detection Tool – monitors Windows API hooks and flags malicious process behavior using psutil.
- Created Network Packet Sniffer – captures and filters TCP/UDP/ICMP traffic in real time using Scapy.

Web Development Intern

Sep 2025

SkillCraft Technology — MSME Certified · On-site · Cert: SCT/SEP25/0771

- Delivered responsive frontend projects using HTML5, CSS3, and JavaScript under live mentor review.
- Applied mobile-first design, CSS animations, and semantic markup across multiple production-grade interfaces.

PROJECTS

Password Strength Analyzer | Python · RegEx · Entropy · CLI

- Evaluates passwords using entropy calculation and dictionary attack simulation; outputs color-coded CLI strength scores.

Keylogger Detection Tool | Python · psutil · Windows API

- Detects active keylogger processes by analyzing API hook patterns and suspicious memory I/O on Windows systems.

Network Packet Sniffer | Python · Scapy · Socket

- Captures live packets, filters by protocol, and logs anomalous traffic metadata for security analysis.

Responsive Portfolio Website | HTML5 · CSS3 · JavaScript

- Fully responsive, animated portfolio site built during internship with mobile-first CSS and scroll-triggered animations.

Personal Portfolio | rajir.in

- Live portfolio showcasing projects, certifications, and skills — see rajir.in.

CERTIFICATIONS

- Artificial Intelligence Fundamentals — IBM SkillsBuild · Credly Verified — Feb 2026
- Problem Solving & Process Controls — IBM SkillsBuild · Credly Verified — Feb 2026
- Microsoft Security Copilot — LinkedIn Learning / Microsoft — Oct 2025
- Cybersecurity Fundamentals — Infosys Springboard · Wingspan Verified — Oct 2025
- Python Programming Internship — CodeAlpha · MSME · ID: CA/SE3/1809 — Dec 2025
- Web Development Internship — SkillCraft Technology · MSME · ID: SCT/SEP25/0771 — Sep 2025

EDUCATION

B.Tech — Cybersecurity

2023 – 2027 (Expected)

Acharya Nagarjuna University (ANU) · Guntur, Andhra Pradesh

- Coursework: Network Security, Ethical Hacking, Cryptography, Incident Response, Information Assurance.
- Active on TryHackMe (Pre-Security & Intro to Cybersecurity paths) and PicoCTF (Forensics track).

SKILLS

Cybersecurity: SOC Operations · Threat Analysis · Log Analysis · Incident Response · Network Security · Firewall & IDS/IPS Fundamentals · MITRE ATT&CK · Vulnerability Assessment · OWASP Top 10 · Compliance Awareness

Security Tools: Nmap · Wireshark · Burp Suite · Scapy · Kali Linux · IBM QRadar (Fundamentals, SIEM/log analysis) · Splunk (Fundamentals, log analysis)

Programming: Python · JavaScript · HTML5 · CSS3

Platforms: TryHackMe · PicoCTF · IBM SkillsBuild · Infosys Springboard · GitHub

Currently: Ethical Hacking · SIEM/SOC Operations · AWS Cloud Security · CEH Preparation (Q3 2026)
